TROY WATER WORKS

Looking in the future and back a little ways for information and comparison.

The first group of Meters, purchased about fifty years ago, are obsolete. The company is now out of business, so repair parts are not available. Meters have been rebuilt with parts from "others" that are beyond repair, so we have managed to keep this department going.

The next oldest group has a weak part which can be repaired without buying the part, which is expensive.

Two new Hydrants were installed with gates in front of each one. One of the Hydrants was of the original type (1892). That was replaced when it was smashed by an automobile. We have two of those obsolete models left.

A terrific bout was had with the Beavers. Eventually they were trapped and their dams destroyed.

The Chlorine was stepped up from .035 to .075 P.P.M. to be sure of the safety factor.

The Well was pumped day and night to try to improve the taste of the water. The well produced 75 gallons a minute which was fine until a heavy draft of water mixed it up with the reservoir water. This brings to our attention two new problems that should have our serious consideration. We have a letter from the Water Supply and Pollution Control Commission, that **Surface** Water will have to be treated a lot more than with Chlorine alone. This could be an expensive set up.

Another side to the situation would be to look into a well which would not need too much treatment. Besides more water is surely needed. We are using about 2,500,00 gallons each month now, as compared with 1,750,000 gallons each month ten years ago. Some money should be appropriated to look into this coming crisis. We have a plan (looking to the past) by Camp, Dresser and McKee of a tank for storage and an altitude valve with the altitude valve fitting already in the main line. In 1949 the estimated cost was \$56,000.00. We mention this for comparison since the Well we now have costs complete, approximately \$5,000.00.

You will please notice that the Revenue is also going up, and the Water Works is a paying part of the Town's economy.

Everything seems to be in order, but times change regardless.

Your Water Commissioners:

WILLIAM A. PARKER

ROGER C. SMITH

JAMES E. CALLAHAN

REPORT OF TROY FIRE DEPARTMENT

At the end of the year we are pleased to announce that there were no disastrous fires.

We are sorry to announce that we are still waiting delivery of the new Fire Truck. But delivery is expected sometime in the middle of March. The new Truck will replace the present 1946 Seagrave which will be used as a reserve pumper.

Plans are also being made to upgrade the alarm system.

As for the rest of the trucks, the Tanker has been giving us trouble and has required maintenance because of its age.

This past year members of the Fire Department attended Fire Training School held at Meadowood. In return this will help to make a well trained and well organized Fire Department.

We want to thank the Fire Department and the citizens of Troy for their cooperation in helping to combat and prevent fires.

Respectfully submitted,

ROLAND ROBICHAUD,

Chief

REPORT OF THE TRUSTEES OF THE GAY-KIMBALL LIBRARY

Year Ending December, 1971

The trustees of the library wish to encourage the citizens of Troy to continue to make use of its library facilities.

During the year 1971 a major effort was made to increase the number of books on World History and History of the United States. During this same year the Friends of the library assisted in sponsoring art exhibits, adult programs, a weekly story hour for the children, and film showings for both children and adults.

The library has received gift subscriptions from Mrs. Katherine Chase and Mrs. Honkala. We wish to extend special thanks to Thomas and Bruce Anderson for their donation of large numbers of books and records. We have also received memorial books given in memory of Mr. James P. Callahan and Mr. Charles Greenlaw.

The trustees wish to thank our librarian, Mrs. Dorothy Lagrenade, and the assistant librarians, Mrs. Francis Childs who has retired and Mrs. Avis Harling who is taking her place. We also wish to thank Mrs. Robert Parsons for her services as trustee and secretary. Mrs. Parsons resigned upon moving to Fitzwilliam.

We urge that the citizens of the town give thoughtful consideration to the gracious offer of an adult reading room, which is being made by Mr. George K. Ripley. This gift which is embodied in an article of the town warrant to be presented at the annual town meeting will, if accepted, make a substantial and permanent increase in library services of the town.

TROY WAR MEMORIAL PROGRAM

I would like to publicly thank those people who contributed either time or property to insure the success of our program. The peanut carnival required the assistance of many. Our softball and mountain climbing trips were possible because of volunteer transportation.

Special thanks go out to the firemen for getting us started each year by setting up the dock.

Praise is also in order for Gary Rouleau and Wendy Priest. Their ability to handle the day to day chores and responsibilities made them a pleasure to work with.

Swimming lessons remain number one on Sand Dam's list of activities. This year's turn out was again large with approximately 50 youngsters taking an active part. The help given by Dennis Poirier in the testing of this group was certainly appreciated.

The following is a list of Sand Dam's major events: The bicycle rodeo; climbing Mount Monadnock; Junior Olympics in Keene; a bicycle trip to Rhododendron State Park; a trip to Benson's Animal Farm; the softball games and cookouts with West Swanzey, Fitzwilliam and Marlborough. Our biggest event, the peanut carnival provided fun for everyone.

In closing I would like to acknowledge the genuine interest and cooperation of Frank Obuchowski towards the success of the program.

Sincerely,

PAUL BRECKELL

TROY WAR MEMORIAL 1971

I would like to take this opportunity to thank Paul Breckell and his staff of Wendy Priest, Karen LaPorte and Gary Rouleau for the first class job they did this past season at the Sand Dam.

Also, thanks to Foss Trucking for the rubbish removal; the Fire Department for helping to clean the beach and putting up the dock and for the flooding of the skating rink last winter; to Daniels Village Store for the telephone; and again special thanks to Fuller Ripley and the Troy Mills and to all that did help with our program that I have not mentioned.

Our winter skating program last season still was not as good as we had hoped it would be. This season we are cancelling our skating program. And to say the least, it seems like a good idea the way the weather has been so far, not much freezing weather and a lot of rain so far.

Our winter ski program was a great success last season. We made two bus trips to Fitzwilliam and back for six weeks on Saturday for free skiing lessons. This season we are going to do it again, weather permitting, thanks to Mrs. Brown of the Fitzwilliam Ski Area and Mr. Gerald Britton of Troy Elementary School.

Karen LaPorte was added to the staff of the summer program to help in the swimming lessons — the crowds were huge this season. I won't go into the summer program very much as Mr. Breckell's report will cover this area much more thoroughly than I could.

A lot of work has been done on getting the diving board up, but just couldn't get it all together. However, it should be in operation this season.

Our picnic area I wrote of last year is still a dream but not forgotten.

The vandals were well behaved this year. We hope that they will behave this coming season also.

Our resuscitator is now on loan to the Troy Fire Department until our summer season starts. This will give the Fire Department a back-up resuscitator. We will now have 12 months a year of use for our resuscitator instead of 2 months.

I have \$555.19 in checking now but soon I will have to pay Cheshire Transportation for the skiing program and for installing the diving board before the summer season opens up.

Mr. Carl Patten was appointed to the Troy War Memorial Committee this year. John Hazelton continued as a committee member. I thank these gentlemen for their help this year.

My committee and I would like to thank the taxpayers of Troy and Troy Mills for making it possible to have a Troy War Memorial such as ours.

Respectfully submitted,

FRANK J. OBUCHOWSKI,

Committee Chairman

Report of the Forest Fire Warden and District Chief

LEST WE FORGET — IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947 nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand — a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them DEAD OUT when leaving.
4. **MOST IMPORTANT** — Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year — 1971 — was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned — 1971 season:

STATE — 463 fires — 160 acres

DISTRICT — 41 fires — 12 acres

TOWN — 1 fire — none

ROBERT BURNS, District Chief
